

# **EnGuard** SYSTEMS

**ERGONOMICALLY DESIGNED BARRIER  
ISOLATION SYSTEMS**

**Do your operators need extended  
protection from potent compounds?**

**SCHAEFER**  
TECHNOLOGIES, INC.

**Authorized Manufacture and Distributor for**  
**EnGuard** SYSTEMS

# EnGuard SYSTEMS

## PRODUCTS:

- **Solid Dosage** - Sampling, Weighing, Milling, Sieving, Granulation, Granulator/dryer, Tableting, **Capsule Filling**, Coating, and Packaging
- **Aseptic Processing** – Weighing, Solution preparation, Aseptic fill
- **Sterility Testing** – VHP compatible, Dual chamber, Integrated Millipore Steritest

# EnGuard SYSTEMS

## THE COMPANY

---

- ◆ **Our Focus** is the pharmaceutical and biotechnology operation associated with research, development and the manufacturing of clinical supplies.
- ◆ **Our Expertise** allows us to understand our customers' needs and to develop functional system for their application.
- ◆ **Our Services** includes System design, development, and fabrication, documentation of the decontamination and cleaning procedures, as well as validation.
- ◆ **Our Commitment** is to deliver contained Systems that protect people, product and the environment while providing the best possible ergonomic interaction.

# CUSTOM APPLICATIONS

- ◆ **EnGuard's** Technical staff designs and fabricates custom systems for many Applications.

# FEATURES AND BENEFITS

- ◆ **SAFETY**  
Ergonomically integrated process system. Contained environment. Regulatory compliant. Closed transfers. Aseptic environment
- ◆ **QUALITY**  
Cleanable surfaces. No cross contamination. Advanced aseptic environment
- ◆ **FLEXIBILITY**  
Portable. Minimal space. User-friendly. Can be stored when not in use
- ◆ **COST EFFECTIVE**  
Portable cGMP space. Faster cycle time. Labor efficient. Lower operating cost

# MANUFACTURING

- ◆ **Schaefer Technologies** fabrication facilities have produced quality products for the pharmaceutical industry for more than forty years. We manufacture barrier/isolators to the highest quality standards using stainless steel construction, totally cleanable surfaces and HEPA filtered air sources. Our systems are manufactured to standards that meet and exceed CGMP requirements.
